

SUBHANKAR PAL

Software Developer

subhankar.pal45@gmail.com | +91 9123635311 | West Bengal, India

PROFESSIONAL SUMMARY

Software Developer with nearly 2 years of experience building, optimizing, and maintaining scalable healthcare and e-commerce applications. Competent in Next.js, React.js, MongoDB, and AWS cloud environments. Proven track record in designing robust backend architectures, handling complex data flows using MongoDB aggregation pipelines, implementing asynchronous workflows, and integrating secure payment gateways while ensuring strict compliance standards.

TECHNICAL SKILLS

Frontend:	React.js (v19), Next.js (v15), HTML5, CSS3, Material UI
Backend & APIs:	Express.js (v4.0), Node.js (v22), Next.js API Routes, REST APIs
Database:	MongoDB (v8.0), PostgreSQL (v17), Mongoose ORM, Advanced Aggregation Pipelines
Cloud & DevOps:	AWS Lambda, AWS SQS, AWS S3, AWS App Runner, AWS CodeBuild, AWS CloudWatch
Integrations:	Stripe, NMI Payment Gateway, HIPAA-compliant Workflows
Developer Tools:	Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Software Developer	Jul 2024 - Jun 2026
Creatixia	Kalyani, West Bengal, India
- Developed and scaled a comprehensive healthcare and telemedicine platform utilizing Next.js, React.js, and MongoDB. - Architected and implemented critical application modules including product catalogs, real-time inventory tracking, order processing, and custom discount engines. - Integrated Stripe and NMI payment gateways to ensure robust, secure, and PCI-compliant transaction processing. - Designed granular authentication and role-based access control (RBAC) user management systems to secure sensitive workflows. - Engineered highly optimized backend micro-services and APIs using Next.js API Routes and complex Mongoose/MongoDB aggregation pipelines. - Built foundational telemedicine workflows enabling practitioners to manage online consultations, generate digital prescriptions, and streamline automated medication fulfillment. - Developed performance-driven affiliate management and structured commission tracking systems to facilitate referral-based growth strategies. - Implemented AWS Lambda functions to execute automated, scheduled background tasks, system metrics dashboard synchronization, and transactional email distribution. - Designed resilient, asynchronous audit logging pipelines using AWS SQS and Amazon S3 to fulfill strict governance regulations. - Managed CI/CD deployment automation utilizing AWS App Runner and AWS CodeBuild, monitoring cloud infrastructure health via AWS CloudWatch. - Enforced high-security standards to support HIPAA compliance across all modules and managed secure protocols for protected health information (PHI). - Collaborated dynamically within an agile engineering team to rapidly deliver high-quality, production-ready iterations.	

KEY PROJECTS SHOWCASE

Biogenix MD Portal

Telehealth & Pharmaceutical Enterprise Application

- Engineered core architecture supporting secure provider-patient consultation pipelines and electronic prescription workflows.
- Implemented multi-tier inventory and product catalog segmentation tailored to medical specializations.
- Configured secure merchant accounts and processing engines using modern tokenization methods via Stripe and NMI APIs.
- Built an immutable compliance trail and asynchronous event logging layer leveraging AWS cloud queues and object storage.
- Designed granular authentication and role-based access control (RBAC) user management systems to protect sensitive clinical workflows.
- Developed performance-driven affiliate management and structured commission tracking systems to facilitate referral-based platform growth.
- Managed automated CI/CD deployment pipelines using AWS App Runner and CodeBuild, while ensuring strict HIPAA compliance and secure handling of Protected Health Information (PHI).

EDUCATION

Bachelor of Engineering (Mechanical Engineering)

Graduated: 2023

Dhole Patil College of Engineering

Pune, India | CGPA: 7.5/10.0

Diploma

2015 - 2018

SCM Institute of Engineering

Kolkata | Grade: 7.4/10.0

Matriculation (Class X)

2012 - 2013

Kendriya Vidyalaya No.2 Kanchrapara

West Bengal, India
